

Shouldham Warren woods closure for tree maintenance.

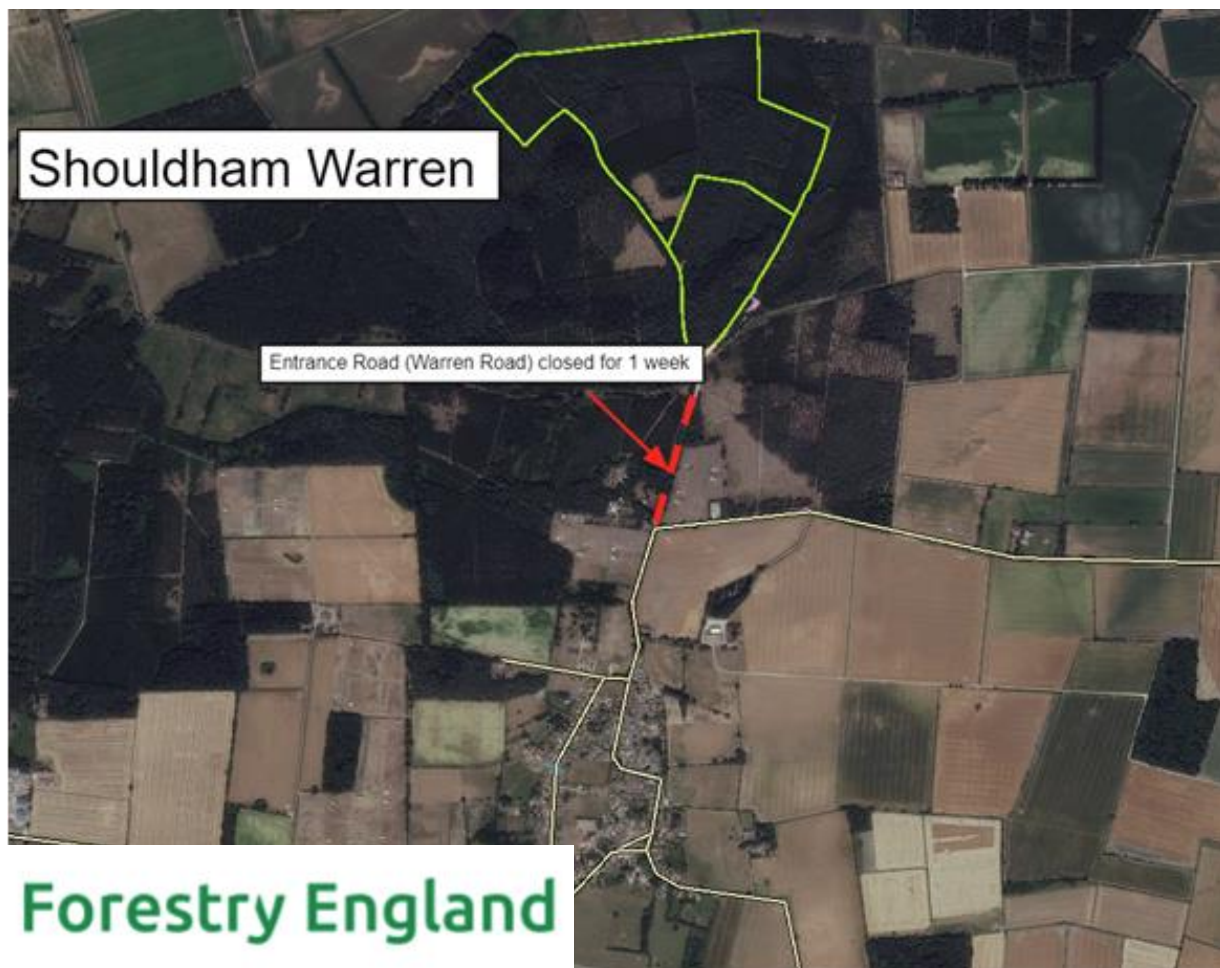

What is happening?

During the week of 25th to the 29th of November 2024, Shouldham Warren Woods will be closed to the public for tree safety work.

A selection of the Silver Birch trees along the entrance drive to Shouldham Warren Woods have deteriorated substantially over the last six months. Forestry England must fell these trees along the road for safety. Whilst the closure is in place we also will undertake management and maintenance of trees within the car park.

Can I still visit?

You won't be able to visit the Shouldham Warren Woods whilst felling is in progress.
